Terms and conditions

Member may combine the necessary number of points from their World of Hyatt account with those in one other specifically designated World of Hyatt account in order to have a sufficient number of points to redeem a particular award. A single member may only participate in a point combining transaction (transferring or receiving of points) once every 30 days. In order to combine points, the following requirements must be met:

1. Member must have an active account to be eligible to combine points.
2. A World of Hyatt Point Combination Request Form must be completed and signed by both World of Hyatt members and submitted to World of Hyatt Customer Service. Forms are available by calling 1-800-544-9288/402-593-8615 or by visiting worldofhyatt.com.
3. Points may be combined into only one member's account for redemption. Once issued in the designated member's name, the member transferring the points will relinquish all rights to the combined points. Only the number of points necessary to redeem the specific award for which the transfer is being requested may be combined.

World of Hyatt free night awards apply when standard rooms are available at the Standard Rate. Standard rooms are defined by each hotel and are not subject to blackout dates at Hyatt hotels and resorts.

World of Hyatt award reservations are subject to the reservation requirements of the individual hotel, such as length of stay. World of Hyatt award reservations are subject to the cancellation policy of the individual property at which member is redeeming an award. If member does not follow proper hotel cancellation policy or if member does not check into the hotel, the credit card provided with the reservation will be charged in accordance with the hotel's cancellation or no-show policy. These policies vary by hotel and each hotel's cancellation policy can be found on the hotel's website on hyatt.com, by calling the hotel directly, or by contacting the nearest Global Contact Center.
